

KAMPALA AT A GLANCE

Uganda is a landlocked country located in East Africa; whose landscapes encompass the snow-capped Rwenzori Mountains. It was named the “*Pearl of Africa*” by Winston Churchill because of its amazing beauty, color and hospitality.

Like many African countries, Uganda has endured political instability, poverty and an AIDS crisis which has left millions of children as orphans having lost one or both parents. Most families cannot afford food, let alone tuition for school. Children often resort to collecting old scrap metal and plastic to sell in effort to buy themselves food.

MAKING A LONG-TERM IMPACT

Our program, Light a Candle Uganda, serves approximately 400 children in some of the most difficult areas of Kampala, Uganda. Kampala has 3.5 million people living within the city limits, including 57 slum areas where the poorest of the poor live. Of those living within these slums, 50% are children under the age of 15.

By providing meals, safe water, education, vocational training and mentoring, we are giving these precious children opportunities that brighten their future, protect them from sexual abuse, and help them reach their full, God-given potential.
